

Material Safety Data Sheet

GardenTech Daconil Fungicide Ready To Use
This product is used by Homeowners and Professionals
October 2011
Product Code(s): 2112 SAP Number: 100047756

SECTION 1 - PRODUCT IDENTIFICATION

Medical Emergency: 800-420-9347 Product Information: 866-945-5033
Transportation or Spill: 800-424-9300
EPA Reg. Number: 67572-2-71004
Chemical Name: Chlorothalonil--Tetrachloroisophthalonitrile
Trade Name: Daconil

SECTION 2 - COMPOSITION

Component	Percentage	ACGIH Exposure Limit	OSHA Exposure Limit
Chlorothalonil [1897-45-6]	0.087%	TLV - N/E	PEL - N/E
Inert Ingredients	99.013%	TLV - N/E	PEL - N/E

SECTION 3 - HEALTH HAZARD DATA

EMERGENCY OVERVIEW

A tan odorless, liquid that:
* Causes eye and skin irritation.
* May produce temporary allergic side effects.
* Is toxic to fish and other aquatic organisms.

ROUTES OF ENTRY: Skin contact

EYES: Causes eye irritation.

SKIN: Causes skin irritation. May produce temporary allergic side effects.

SIGNS AND SYMPTOMS: This product may produce temporary allergic side effects characterized by redness of the eyes, mild bronchial irritation and redness or rash on exposed skin areas. Persons having allergic reactions should contact a physician.

EFFECTS OF CHRONIC OVEREXPOSURE: Repeated excessive dermal exposure may cause marked skin irritation and may increase the possibility of allergic reactions. Studies on rats and mice have suggested that technical chlorothalonil, when fed at high levels in the diet, may have oncogenic potential to these laboratory animals. However, neither chlorothalonil nor its metabolites interact with DNA and thus are not mutagenic. Tumor formation has been related to a non-genotoxic mechanism of action from which threshold levels have been established on rats and mice. Comprehensive dietary and worker exposure studies have shown exposure levels for humans to be well below these threshold levels – in addition, surveillance of chlorothalonil plant workers for many years has not demonstrated any increase in oncogenic potential to humans.

SECTION 4 - FIRST AID

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.

IF ON SKIN: Wash thoroughly with soap and water. Get medical attention.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

SECTION 5 - FIRE & EXPLOSION HAZARDS

FLASH POINT: Non-flammable

EXTINGUISHING MEDIA : Water Fog; CO₂ or Chemical Foam

SPECIAL FIRE FIGHTING PROCEDURES: Foam/Fog system preferred. Remove closed case goods from path of fire. Use fog nozzles if water is used. Use air supplied or canister breathing masks for protection against burning case goods and containers. Evacuate people downwind. Containers may burst when exposed to high temperatures.

UNUSUAL FIRE OR EXPLOSION HAZARDS: Wash based product presents minimum fire hazard.

SECTION 6 - SPILL & LEAK PROCEDURES

Soak up all liquid and dispose of according to local waste disposal authorities. Keep from contaminating any water supply and protect from exposure to heat or open flame.

SECTION 7 - STORAGE & HANDLING

Storage: Keep pesticide in original container. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area.

Storage Temperatures: Ambient (Average Warehouse) Temperatures. Do not allow product to freeze. Shelf Life: 1-2 years

Handling: Do not get in eyes, on skin or on clothing. Wear long sleeved shirt, long pants, and rubber gloves while mixing and applying this product. Wash skin and hands thoroughly after using. Remove and wash contaminated clothing before reuse. Keep children and pets off treated area until dry.

SECTION 8 - SPECIAL PROTECTION INFORMATION

Respirator Type: Avoid breathing spray mist. Dust/Mist filter suggested.

Eye Protection: Protective eyewear should be worn against possible liquid splash or spray mist.

Gloves: Rubber, chemical-resistant gloves.

Other Protection: Wear long sleeved shirt, long pants, and rubber gloves while mixing and applying this product

SECTION 9 - PHYSICAL DATA

Physical Form: Liquid

Color: Tan

Odor: NONE

Vapor Pressure: N/E

Bulk Density: 8.35 lbs/gal

Specific Gravity: 1.00

pH: 7.0 ± 0.5

SECTION 10 - REACTIVITY DATA

Stability: Stable

Polymerization: Will not occur

Conditions To Avoid: Storage above temperatures above 100 degrees will lead to non-hazardous decomposition.

Decomposition Products: If product becomes extremely hot; boiling; arsenic fumes may evolve.

SECTION 11 - TOXICOLOGICAL INFORMATION

Acute toxicological data is not available for this formulation.

SECTION 12 - ECOLOGICAL INFORMATION

This product is toxic to fish and other aquatic organisms. Do not apply directly to water. Do not contaminate water by disposal of equipment washwaters. Do not apply when weather conditions favor drift of spray.

SECTION 13 - DISPOSAL

Do not re-use empty containers. Wrap and discard in trash.

SECTION 14 - TRANSPORTATION

D.O.T. Shipping Name: GardenTech Daconil Fungicide Ready-to-Use

D.O.T. Hazard Class: Not regulated

D.O.T. Labels Required: None required
